Entertainment of a Chief Officer- Closepet Municipality recommends the -

I have the honour to forward herewith the connected papers received from the President Closepet Municipality on the above subject and to state that the Municipal Council in their meeting held on 24-2-47 have resolved to appoint a 2nd grade Chief officer on Rs 30 plus 10 C A p m to assist the president in the Municipal work

This is a Town Municipality which is growing in importance day by day The population of the municipality has increased from 3000 in 1941 to about 13500 at present The number of Government offices also has increased in this town There are two factories working at present in the town and there is every likelihood of an expansion of the industrial concerns in this town The municipality is running a High School at present By the appointment of a Chief officer, the work of this Municipal staff could be efficiently supervised

At present the collection of Mohatarfa is being carried out through a Patel and a Shanbhogue and there are none to execute Distraint warrants etc The Mohatarfa and other collections which need close supervision and adoption of coercive measures could be effectively carried out by a Chief Officer who could be invested with powers under sec 211 of the Town Municipal Act He would also be a whole time servant of the municipality who could discharge his work without fear or favour

The extra cost involved is not considerable in view of the fact that the income of the Municipality is on the increase The Chief Officer would be helpful to the Ex officio President who is also the Sub Division Officer of Closepet Sub Division and executive officer in the administration of the Municipal affairs

As per the standing orders of Government Municipalities with an annual income of less than Rs.50,000 may have a chief officer of the grade 80-4-120 in the 2nd grade The financial position of the Municipality is sound with a closing balance of Rs 33429 and is capable of meeting the extra cost In these circumstances I request that sanction of Government may kindly be obtained for the entertainment of a Chief Officer to Closepet Municipality with effect from 1-7-47

I have th nonor to be, Sir,
Your most obedient servant,

DEPUTY COMMISSIONER
BANGALORE DISTRICT

Sir,

I have the honour to enclose herewith a copy of resolution No 9, dated 24-2-1947, passed by the Municipal Council at the ordinary general meeting resolving to have a second Class Chief Officer for this Municipality and to state as follows:-

The work in this municipality has increased to a very large extent during the last few years The population of the town has increased from 8,000, in 1941, to 15,000 according to the Ration Census Even if the latter figure is slightly inflated the population of this town is at least 13,500 at the present day, and is growing due to a variety of reasons The number of Government Offices in this town has increased, a few of the offices which have come in the last few years being as follows -

1 Additional Munsiff's Court 2 Offices of the Inspector of Schools, Kannada Primary Schools and Urdu Schools 3 The Municipal High School 4 The Office of the Assistant Engineer's Cement Concrete Sub-Division and No 3 Sub-Division, Chennapatna are going to be ~~subjected~~ shifted to Closepet as per orders of Government Recently a tile factory has also been started and the existing match factory is being expanded All these and the

increased activities of the Rural Welfare Centre, which is attracting a number of visitors every year, are correspondingly increasing the responsibilities and routine duties of this Municipality This council has also made plans for extending the town and proposals for extension of the town have already been submitted The council has also committed itself to undertaking the drainage scheme, and to improve the water supply to the town It has also undertaken the onerous responsibility to run a municipal High School from the last two years All these activities require that the finances of the Municipality be improved and that no leakages of Revenue are allowed The Supervision over the collection of Lohotarfa taxes, toll and octroi fees has to be considerably improved This can only be done by improving the executive establishment of the Municipality The council is of the definite opinion, that the Ex-Officio President of the Council cannot satisfactorily attend to all these duties as he is also the Sub-Division Officer and will be on tour for nearly 20 days in the month So the council has after careful consideration of the problem decided to appoint a second Class Chief Officer on Rs 80/- P M and one peon for him on Rs 10/- P M The Council has provided for this expenditure in the proposed budget for 1947-48 The financial position of the Municipality is quite sound, the Closing balance being Rs 38429-6-7 and is capable of meeting the extra expenditure The Municipality, in fact considers that this is no extra expenditure at all, but as an investment which will improve their financial resources and increase the efficiency of the Municipal Administration I entirely agree with the unanimous view of the council and request you to kindly obtain sanction of Government to entertain a Second Class Chief Officer for this Council with effect from Ist July 1947
